On the main living level, you are welcomed into a large private front porch and entrance area with convenient off-road parking directly in front of the townhouse. As you enter the house there is a guest bathroom and continuing through the hallway to a bright and spacious living and dining area with direct access to the covered terrace, where the elevated position provides wonderful open views towards the coast. The separate kitchen has been tastefully updated and is fully equipped, with plenty of storage and worktop space. Upstairs are two bedrooms and two bathrooms. The master bedroom benefits from its own private terrace and impressive views, while the second bedroom provides excellent accommodation for family or guests. There is also a guest toilet serving the main living level and second bathroom. The property is presented in excellent condition and comes with all-new furniture, making it particularly attractive as a ready-to-enjoy permanent home, holiday property or rental investment. At the top of the house, the private roof solarium, accessed via the master bedroom terrace, provides substantial additional outdoor space with plenty of potential for creating a fantastic sunbathing, dining and entertaining area. Terrazas de Calamijas (built in 2004) is a well-established residential development with attractive communal gardens and a large communal swimming pool. The elevated setting provides impressive views while remaining within walking distance of local shops and amenities, with La Cala de Mijas and the beach also accessible on foot.
