112 m2

The residential complex consists of 190 apartments with 1, 2 and 3 bedrooms in 8 low-rise buildings with a contemporary and attractive design based on modern straight lines. The southern orientation of the buildings has made it possible to design very bright homes that benefit from the daylight hours.

All the homes feature a garage space, storage room and, large terraces. While the second-floor properties and the penthouses also have solariums; ideal places to enjoy the sun and the stunning Costa del Sol sunsets.

This exclusive residential estate includes communal facilities: two pools with solarium, a gym and, gardens with native plants that convey the beauty of living in a unique location in Estepona.
