Community: 5,076 EUR / year

IBI: 1,380 EUR / year

A rare opportunity to own a spacious west-facing round floor apartment in Cabopino. This community was the first of the new wave of contemporary projects on the hillsides of Cabopino and its lovely architecture stands proudly still....impressive in its strong design. The apartment is a ground floor unit which is easily accessed from the community pedestrian entrance on foot, ideal for visitors or deliveries, and also from the underground parking that is secure and of which there are 2. As well as that there is a very large and secure storeroom. With 3 bedrooms and 3 bathrooms,, and with an expansive private garden. The apartment is located in the first of the new contemporary communities to be built on the pretty hills of Cabopino Alto, and the distinctive architecture of the buildings and the fabulous communal pool and gardens provide a superb environment within the security of this gated community.
