Torremolinos

Commercial

Community: 156 EUR / year

27 m2

The unit has a total cadastral surface area of 27 m², allocated to a parking space and storage room, with both spaces located together on level -1 of the building. The parking space is suitable for a large vehicle, and the storage room is located immediately next to it, offering practical additional storage space. The garage has access via an automatic door with remote control, with separate entrance and exit points. The internal circulation is simple and linear, with parking spaces distributed on both sides of the driveway, and there is lift access from the garage level. Very practical location in Torremolinos, close to the beach and surrounded by shops, large supermarkets, schools and all kinds of services.
