In the hills of Altos de Los Monteros, just a few minutes from the centre of Marbella and its beaches, lies this exceptional contemporary-designed villa, where architecture and the Mediterranean landscape blend in perfect harmony. The property offers over 500 m² built on a plot of approximately 1,000 m², featuring open-plan spaces and floor-to-ceiling windows that frame panoramic views of the sea, Gibraltar, and the African coastline. Natural light and the seamless indoor-outdoor connection are the true protagonists throughout the home. At the heart of the villa is a spacious double-height living room with an integrated kitchen, opening directly onto a large terrace with a heated infinity pool. The master suite enjoys a private terrace, en-suite bathroom, and open sea views, complemented by three additional en-suite bedrooms distributed across different levels for enhanced privacy. The property also includes a second living area, office, lift serving all floors, laundry room, and generous storage spaces. Equipped with state-of-the-art technology — home automation, aerothermal system, water-based underfloor heating, and electric blinds — it ensures maximum comfort throughout the year. Private parking for two vehicles is also included. A modern, bright, and exclusive villa designed for those seeking views, privacy, and design in one of Marbella's most sought-after areas.
