1.300.000€

Cabopino **Участок**

863 m2

An exciting opportunity to build a contemporary villa in Calahonda Golf, ideally located close to the beach and several golf courses. With the building licence already in place, the project is ready to move forward, offering a smoother route from planning to construction. The planned villa features five bedrooms and seven bathrooms, providing generous space for comfortable living and entertaining. Four parking spaces add convenience, making the property well suited to family living or hosting guests. Combining a desirable location with a ready-to-build project, this is an excellent opportunity to create a bespoke home on the Costa del Sol, close to the Mediterranean lifestyle, golf and local amenities.
